Garbage collection

Disinfection

Steam cleaning service *:

Bathroom ** + floor and moldings): SEK 500 incl. VAT after RUT

Kitchen **: SEK 500 incl. VAT after RUT

The service includes steam washing of door handles and wiping with T-Sprit 70%

** Bathrooms, kitchens and floors are cleaned in the first stage in the traditional way, then all surfaces are treated with steam in 140 degrees

Ozonation service *:

Apartment / House: SEK 250 incl. VAT after RUT * What does the ozone generator do? It treats the air in your home or car by breaking down odors that cause pollution, killing viruses, bacteria and mold, and removing airborne pollutants (smoke, dust, pet dust, pollen) in the air. Instructions for ozone treatment.

Possible additional costs

Window cleaning is included, for sash and 3-glazed windows, however, a supplement of SEK 20 / window will be added.

If pets / fur animals have been kept in the home, an additional fee may apply (depending on soiling). If the home is heavily soiled, the cleaning can not be done at the agreed price. In the case of heavily soiled housing, the customer is informed of the additional cost. If the customer does not approve the supplement, the cleaning will only be performed for the number of hours included in the agreed price.

Travel cost SEK 150

Emergency cleaning

50% on regular price weekdays / 100% on words. price weekends.

The service is performed for direct payment via Swish 1235357181.

Please note!

Existing damage must be reported before moving cleaning begins. Should we not be notified of this, we are not responsible for anything.

It is important that the customer notifies us if there are sensitive surfaces, such as marble or stone tiles and more. We use a special mild detergent for these.
